### **Less and More: The Design Ethos of Dieter Rams - Goodreads**

In his more than 40 years at Braun, Rams established himself as one of the most influential designers of the twentieth century. True to the principle of "less but better" his elegantly clear visual language not only defined product design for generations, but also our fundamental understanding of what design is and what it can and should do.

### **Less and More: The Design Ethos of Dieter Rams - gestalten**

While the book's title Less and More nearly demands to be mistyped as Less is More, Rams himself explained his design approach as "Weniger, aber besser," which translates roughly to "Less, but Better," but the book remains indicative of its title. Consisting of nearly 800 pages (more), it has a nearly flimsy cover (less), that comes in a box (more) wrapped in a plastic wrapper (much more).

### **In New Yorkers' Vacation Homes, Less Is More - The New ...**

The theory of less is more isn't about spending less. It is about achieving better design through simplicity. It is about getting the greatest impact through careful editing and restraint. In my own design work I lean toward the minimal, not the monastic. I like spaces to be serene and uncluttered, but not cold and sterile.
