In 2017, Left Hand is back at it again making history with the first ever US production run of a US made nitro widget can. This US widget looks like a small top hat that is adhered to the bottom of the can which provides a consistent nitrogen release from the bottom up.

### **The History of Left Hand | Left Hand Brewing**

The history of the left-hander is not a good one. Since being left-handed is not the norm, it has been thought of as anything from stupidity and clumsiness to the worst evil. The good news is that in at least the modern-day Western countries, things are much, much better, and left-handers are accepted, if not well-understood.

### **Left-Handed History: Prehistoric - OoCities**

Herbert Hoover is believed to be the first left-handed president, though James Garfield could write Greek with the left hand and Latin with the right. [3] Many artistic representations of the devil show him to be left-handed. [2] In witchcraft texts in medieval Europe, it was the left hand that was used to harm or curse another person.
