Enabling lighting and shadows in the Second Life Viewer enables you to display: ... objects cast shadows from the light of the sun and the moon and up to two projector light sources. Shadows are only cast from the two most significant projectors in the scene. Point lights never cast shadows. ... Second Life v4.3 Dark .

### **Lighting and shadows - English - Second Life Community**

The study of the intersection of light and shadow in landscapes is arguably one of the most enjoyable aspects of this genre of photography. How the landscape photographer chooses to use the quality of light to capture light and shadow will be predicated on his/her unique visualization process. There is no right or wrong.

**Dark Rise Shadow And Light Book 3**

It was everything I expected from it and more. But how wonderful the book is, its also sad because there won't be another book. But the characters will stay with me till the end of my days. When I started in Light Shadow I knew the sensation would begin immediately. It was one of the reasons I really wanted to read Light Shadows.
