Coloring the body and its systems is the most effective way to study the structure and functions of human anatomy. Kaplan's Anatomy Coloring Book provides realistic drawings, clear descriptions, and must-know terms for an easy way to learn anatomy. Anatomy Coloring Book features detailed illustrations of the body's anatomical systems in a spacious new page design with larger images and more space.

### **Amazon.com: Anatomy Coloring Book (9781506208527 ...**

The book just states, 'color in the picture.' Additionally, the information offered about the anatomy is minimal and vague. This book would be best used as a blackline coloring page, although I am not sure what use it would serve as an anatomy coloring page with such detail drawings and no pertinent information to go with it.
