Isaac Newton [James Gleick] on Amazon.com. \*FREE\* shipping on qualifying offers. Isaac Newton was born in a stone farmhouse in 1642, fatherless and unwanted by his mother. When he died in London in 1727 he was so renowned he was given a state funeral—an unheard-of honor for a subject whose achievements were in the realm of the intellect.

**Isaac Newton: James Gleick: 9781400032952: Amazon.com: Books**

Isaac Newton. James Gleick, the author of *Chaos and Genius*, and one of the most acclaimed science writers of his generation, brings the reader into Newton's reclusive life and provides startlingly clear explanations of the concepts that changed forever our perception of bodies, rest, and motion.

**Isaac Newton by James Gleick - Goodreads**

Isaac Newton by James Gleick. (He also wasn't quite as removed from the world at large as is generally thought, especially during his years leading the Mint and the Royal Society.) Gleick races formidably along in his book. Newton did a great deal, and Gleick at least makes an effort to list all his accomplishments,...

**Isaac Newton - James Gleick - Complete Review**

Isaac Newton. by James Gleick. 288pp, Fourth Estate, £15. The term "lonely genius" could have been coined for Isaac Newton. His father died before he was born. When he was three years old, his mother remarried and went to live with her new husband, abandoning the child to the care of his grandmother.

**Review: Isaac Newton by James Gleick | Books | The Guardian**

Summary. Isaac Newton was the most famous scientist of his generation. One of his major accomplishments was the application of the law of gravity to the motion of planets, the path of comets, and the influence of the moon on ocean tides. He also wrote a comprehensive book on optics which corrected numerous earlier mistaken ideas about light.

**Isaac Newton Summary - eNotes.com**

Isaac Newton by James Gleick. Isaac Newton was born in a stone farmhouse in 1642, fatherless and unwanted by his mother. When he died in London in 1727 he was so renowned he was given a state funeral—an unheard-of honor for a subject whose achievements were in the realm of the intellect.

**Isaac Newton by James Gleick, Paperback | Barnes & Noble®**

Isaac Newton sees its angular subject in the round, presenting him as scientist and magician, believer and heretic, monster and man. . . . It will surely stand as the definitive study for a very long time to come. Fortunate Newton!" --John Banville, *The Guardian* "Gleick [is] a clever tour guide to the minds of great geniuses. . . .

**Isaac Newton by James Gleick (ebook) - ebooks.com**

Isaac Newton. "James Gleick, I am pleased to say, makes the most of his extraordinary material, providing us with a deftly crafted vision of the great mathematician as a creator, and victim, of his age. (...) The result is a book that is a perfect antidote to the many vast, bloated scientific biographies that currently flood...

**Isaac Newton - James Gleick**

KIRKUS REVIEW. Fatherless, left in the care of his grandparents for eight years, young Isaac Newton (1642–1727) was so maladjusted that he threatened to torch the house of his mother and stepfather with them inside. His schoolmaster and uncle rescued him from life on the farm by getting him admitted to Trinity College at Cambridge.

**ISAAC NEWTON by James Gleick | Kirkus Reviews**

James Gleick (/ g l i : k /; born August 1, 1954) is an American author and historian of science whose

work has chronicled the cultural impact of modern technology. Recognized for his writing about complex subjects through the techniques of narrative nonfiction, he has been called "one of the great science writers of all time".
