The solution to the final is now available. The Final Exam is still posted here . Merry Christmas and have a good winter break!

Physics 410 - Fall 2003

Jackson County was formed in 1816. It was named after General Andrew Jackson. Jackson County was the site of the first recorded train robbery of a moving train in the United States. On October 6, 1866 the Reno Gang robbed an Ohio and Mississippi Railway train, making off with over \$10,000.

Jackson County, Indiana - Wikipedia

Solution: Sakurai 5.9 (note in part (a) that my limits of integration on the θ integrals run from 0 to 2π , but the upper limit should actually just be π . Ultimately this is inconsequential as the integral simplifies to 0 regardless, so the solution still appears to be correct.
