I read this book after reading Stephanie Haddad's first novel "Previously Engaged." The characters in "Love Unlisted" were likeable and this was a quick read. However, there were some questions never answered, some things were a bit far fetched, and the ending was a bit abrupt. Overall I enjoyed the book, but not as much as her first book.

I too love to make lists, although not to the extent that Grace does, but I could relate to this part of the story. I loved Grace's quirkiness and all her phobias. The subplots and other characters were just as likable and endearing. I already have two other Stephanie Haddad books and I am looking forward to reading them.
