Edward W. Robertson's "Breakers" books are dark, funny, violent pageturners with commendably well-crafted, relatable characters. This installment, Knifepoint, for me was the best book in the series so far.

This book is another excellent installment in the Breakers series. Edward W. Robertson has shown himself to be truly talented as an author. Reading him sometimes reminds me of reading Stephen King novels. This third chapter in the series is better written than the first two.

Edward has quickly become one of my favorite authors... right up there with Stephen King, Dean Koonts, and Douglas Preston/Lee Child. The Breakers series is a fast paced exciting read, mixing elements of sci fi and epic fantasy into a fusion of thrilling books. I have nothing but great expectations for the continuation of this series.

No, but I did finish the story fast for me. I wish there were more stories in the series. I figure I will take a break because I read 1, 2 and 3 pretty quickly, one after another. I will read something else and come back to book 4. Any additional comments? I was surprised that I really enjoyed this series and had quite a few laughs.
