Language and Silence is a book about language—and politics, meaning, silence, and the future of literature. Originally published between 1958 and 1966, the essays that make up this collection ponder whether we have passed out of an era of verbal primacy and into one of post-linguistic forms—or partial silence.

The Way of Silence. Silence, as in the refusal to act in bad faith, to follow immoral orders, to go along with wars and poverty and discrimination and the earth's destruction. I believe in silence, in its yearning for wholeness, its desire to close the breach, its urge to unite what's come asunder.
