Luminous Dawn Metcalf

My name is Dawn Metcalf and I write dark, quirky and sometimes humorous speculative fiction. My debut novel, LUMINOUS, is a YA paranormal fantasy about a Latina-American superheroine who saves people from dying before their time.

Dawn Metcalf

Luminous was definitely a... different read. There were a few things that I found were well done with the novel... however, there were also many things that made this novel just okay. Dawn Metcalf has beautiful writing. It is very rhythmic and poetic like. It reminded me of poetry, just in prose form.

Luminous by Dawn Metcalf

Luminous is a unique new novel from debut author Dawn Metcalf. Here, readers meet Consuela, aka Bones, who gets pulled into a surreal existence known as the Flow. Not only that, but she finds that she has the ability to shed her literal skin and slid into other skins that she can create.

review 1: I picked the book up because the cover was interesting. The book was OK. I liked it better by the end. Some of the storyline was confusing (why, for example, she just accepted that she could take her skin off and fly -- I found that really strange, when she made her skin of air -- and I didn't understand the structure of the Flow itself).

LUMINOUS is ambitious, and beautifully written, but at times it was a confusing and emotionally distant read for me. Dawn Metcalf's writing is astounding, an awe-inspiring combination between the rhythmic hypnotism of freestyle poetry and deliciousness of rich and unusual prose.

Book Review: Luminous by Dawn Metcalf | Mboten

A confusing and at times just plain weird paranormal debut. If finding a lump on her head isn't enough to freak out 17-year-old Consuela Chavez, then peeling back her human skin to reveal her luminous skeleton should.

LUMINOUS by Dawn Metcalf | Kirkus Reviews

"Ink and Joy were just as lush and velvet-like as a couple as I remember them from before. Plus, the world that Metcalf has wrapped around them is both absolutely beautiful and absolutely scary." - Ange, Libby's Blog Full review here. "Second books are hard to pull off, but Dawn does it with flair.

Going into Luminous was exciting for me, because it was a unique concept. Their storyline was very intriguing and I think my hopes were just too high. It was definitely not my type of book and at times I felt it was awkward. Dawn Metcalf's writing is very different and for the most part I enjoyed her beautiful and dark descriptions.

Luminous by Dawn Metcalf, Hardcover | Barnes & Noble®

review 1: This is an awesome book-one of the best I've ever read. The ending is sweet and yet sort of sad, and even though there isn't much of a cliffhanger, I still can't wait until Invisible. I love Ink and how he learns humanity and love from joy.
