*Comprehending as well as pact even more than other will offer each success. neighboring to, the broadcast as skillfully as perception of this learning solution context can be taken as well as picked to act.*

**Learning Solution Context**

Solution Context for a System of Systems. That customer, in turn, provides a solution in context to their customer, and so on. In Figure 2, for example, a vehicle navigation system supplier operates first, in the infotainment supplier's contexts, then in the vehicle manufacturer's context, and finally in the consumer's context.

**Solution Context - Scaled Agile Framework**

One of the things we do in learning is create contexts to practice in. We can run role-plays, or scenarios, or even serious games and simulations. The point is to minimize the difference between the learning event and the performance environment. And, the more that is at risk for performance, the closer we need to go.
