The Left Hemisphere: Mapping Critical Theory Today. The classical period of Marxism was one of intense debates over, in particular, the character of imperialism, the national question, the relationship between the social and the political, and finance capital. From the second half of the 1920s, Marxism became fossilized.

### **The Left Hemisphere: Mapping Critical Theory Today**

This book—aimed at both the general reader and the specialist—offers the first global cartography of the expanding intellectual field of critical contemporary thought. More than thirty authors and intellectual currents of every continent are presented in a clear and succinct manner.
